

IN WHOSE INTEREST?

a **post-911 journey** through the past 50 years of US foreign policy

a documentary film by **david kaplowitz** • release date **2002** • running time **27 minutes** • contact david@thirdstonefilms.org

"...a visually arresting, powerful overview of American intervention"

Howard Zinn, Historian and Author: A People's History of the United States

"In the post-9/11 world, the message of this film is more urgent than ever."

Bill Grover, Chair, Political Science Department, Saint Michael's College

"Hard hitting, heart-rending, informative."

Mel Gurtov, Professor of Political Science and International Studies, Portland State University

"This is a film I will remember 20 years from now. This film changed the way I look at America."

Students at Washington High School, San Francisco
